

## Product Discontinuation Notice

August 1, 2017

Dear Valued Customer / Partner:

Transition Networks would like to inform you of our plans to discontinue the Point System chassis card versions of the multiport 10/100/1000Base media converters in our CGFEB product family. A direct replacement product will not be offered, but similar conversion is available within our new ION Platform of chassis based media converters. The alternative product includes new features such as enhanced remote management and support for dual speed (100/1000) in the two SFP slots. Also available are stand-alone versions of the SGFEB converter with multiple ports. Below is a list of the discontinued product model numbers, the alternative model numbers, and their descriptions.

<b><u>Discontinued P/N:</u></b>	<b><u>Description:</u></b>
CGFEB1040-140	Point System card, 1 Port 10/100/1000Base-T RJ-45 to 2 Ports 1000Base-x Open SFP Slot
CGFEB4040-180	Point System card, 1 Port 100/1000Base-x Open SFP slot, 2 Ports 1000Base-x Open SFP Slot
<b><u>Alternative P/N:</u></b>	<b><u>Description:</u></b>
C3221-1040	ION Platform card, 1 Port 10/100/1000Base-T RJ-45 to 2 Ports 100/1000Base-x Open SFP Slots
SGFEB1040-230	Stand-alone converter, 1 Port 10/100/1000Base-T RJ-45 to 2 Ports 100/1000Base-X Open SFP Slot
SGFEB1040-330	Stand-alone converter, 2 Port 10/100/1000Base-T RJ-45 to 2 Ports 100/1000Base-X Open SFP Slot

The ION Platform of media conversion is the replacement for the Point System. The rest of the active CGFEB10xx-120 products will continue to be available through the end of 2017 when most Point System cards will be going End-of-Life, as previously announced in January of 2016.

### **Last Order Date**

Orders will be accepted for the discontinued product through October 31, 2017 or while supplies last.

### **Closing**

We look forward to new opportunities to support your networking requirements with our comprehensive product line. Should you have any questions, please contact your sales representative.

Sincerely,  
Transition Networks Management Team
