Product Replacement Notice

Mar.28, 2017

Dear Valued Customer / Partner:

Transition Networks would like to inform you that the following part number SM24TAT4GPA has gone End-of-Life (EOL). A direct replacement product is available, part number SM24TAT2SA which provides similar port configuration and better layer 2 functionality with the additional Device Management System (DMS) feature. The new embedded DMS provides the benefits of ease of use for Powered Devices in the IP Surveillance application.

Discontinued Product:

SM24TAT4GPA

Web Managed PoE+ Switch, (20) 10/100/1000Base-T PoE+ Ports + (4) 100/1000 SFP/RJ-45 Combo ports

Replacement Product:

SM24TAT2SA

Smart Managed PoE+ Switch, (24) 10/100/1000Base-T PoE+ Ports + (2) 100/1000 SFP slots

Last Order Date:

Orders for SM24TAT4GPA will be accepted through Jun.27, 2017 or while supplies last.

Closing:

As always, we look forward to new opportunities to support your networking requirements with our comprehensive product line. Should you have any questions, please contact your sales representative.

Sincerely,

Transition Networks Management Team
