Product Replacement Notice

Mar.9, 2018

Dear Valued Customer / Partner:

Transition Networks would like to inform you that the following part number SM8TAF2DPA has gone End-of-Life (EOL). A direct replacement product is available, part number SM8TAT2SA which provides identical port configuration and similar functionality with additional Device Management System functionality. The new embedded Device Management System (DMS) provides the benefits of lower overall cost, less downtime and ease of use for the IP Surveillance application.

Discontinued Product:

SM8TAF2DPA

Managed Gigabit PoE+ Switch, (8) 10/100/1000Base-T Ports + (2) 100/1000 SFP Slots

Replacement Product:

SM8TAT2SA

Smart Managed PoE+ Switch, (8) 10/100/1000Base-T Ports + (2) 100/1000 SFP Slots

Last Order Date:

Orders for SM8TAF2DPA will be accepted through Sep.7 or while supplies last.

Closing:

As always, we look forward to new opportunities to support your networking requirements with our comprehensive product line. Should you have any questions, please contact your sales representative.

Sincerely,

Transition Networks Management Team
