Product Discontinuation Notice

March 20, 2018

Dear Valued Customer / Partner:

Transition Networks would like to inform you of our plans to discontinue all but one version of the management modules used in the Point System Chassis. Listed below are the discontinued model numbers, along with the product descriptions. This discontinuation is part of the larger discontinuation plan for the Point System family of media converters, first announced back in January 2016.

Discontinued Products

Model	Description:
CPSMM-200	Dual slot Point System Master Management Module
CPSMM-200-TNZ02	Dual slot Point System Master Management Module, with customer specific configuration
CPSMM-210	Single slot Point System Expansion Management Module
CPSMM-210-TNZ03	Single slot Point System Expansion Management Module, with customer specific configuration
CPSMM-120-VTN01	Single slot Point System Master Management Module, with customer specific configuration

Last Order Date

Orders will be accepted for the discontinued product through June 30, 2018 or while supplies last.

Replacement Product:

The ION Platform is the replacement for the Point System and the ION Platform offers a management module (IONMM) for use in either the ION 6-slot or 19-slot chassis.

Products Remaining Active

Model	Description:
CPSMM-120	Single slot Point System Master Management Module

Closing

We look forward to new opportunities to support your networking requirements with our comprehensive product line. Should you have any questions, please contact your sales representative.

Sincerely,
Transition Networks Management Team
