Last Order Date

Orders will be accepted for the discontinued product through November 30, 2018, or while supplies last.

Replacement Product:

Direct replacement product will not be available. However Transition Networks has a wide variety of PoE media converters and PoE switches designed for IP-based physical security and surveillance applications.

Closing

We look forward to new opportunities to support your networking requirements with our comprehensive product line. Should you have any questions, please contact your sales representative.

Sincerely,
Transition Networks Management Team
