

## Product Discontinuation Notice

July 26, 2019

Dear Valued Customer / Partner:

Transition Networks would like to inform you of our plans to discontinue a few select versions of our 4xT1/E1/J1 + 10/100 Ethernet copper to fiber network interface devices (NID) within the C6120 and S6120 product families. Listed below are the discontinued part numbers along with their descriptions.

### Ion Platform Slide-in-Cards

#### Discontinued P/N

#### Description:

C6120-1011	1310nm Multimode ST 2 km to (4) RJ-48 1.5 km plus (1) 10/100BASE-TX RJ-45 100m
C6120-1013	1310nm Multimode SC 2 km to (4) RJ-48 1.5 km plus (1) 10/100BASE-TX RJ-45 100m
C6120-1029-A1	1310nm TX/1550nm RX SSF SM SC 20 km to (4) RJ-48 1.5 km plus (1) 10/100BASE-TX RJ-45 100m
C6120-1029-A2	1550nm TX/1310nm RX SSF SM SC 20 km to (4) RJ-48 1.5 km plus (1) 10/100BASE-TX RJ-45 100m
C6121-1040	(2) Open SFP Ports to (4) RJ-48 1.5km plus (1) 10/100Base-TX RJ-45 100m

### Ion Platform Stand-alone

#### Discontinued P/N

#### Description:

S6120-1011	1310nm Multimode ST 2 km to (4) RJ-48 1.5 km plus (1) 10/100BASE-TX RJ-45 100m
S6120-1029-A1	1310nm TX/1550nm RX SSF SM SC 20 km to (4) RJ-48 1.5 km plus (1) 10/100BASE-TX RJ-45 100m
S6120-1029-A2	1550nm TX/1310nm RX SSF SM SC 20 km to (4) RJ-48 1.5 km plus (1) 10/100BASE-TX RJ-45 100m
S6121-1040	(2) Open SFP Ports to (4) RJ-48 1.5km plus (1) 10/100Base-TX RJ-45 100m

### Last Order Date

Orders will be accepted for the discontinued product through October 31, 2019, or while supplies last.

### Replacement Product:

A direct replacement product will not be offered. However the same transmission distances can be achieved with an open SFP converter (**C6120-1040 and S6120-1040**) and the appropriate SFP module to match your required fiber type, transmission distance, and need for DMI.

Also note, the following converters are not being discontinued and will remain active in the Transition Networks product offering

- C6120-1014, C6120-1040
- S6120-1013, S6120-1014, S6120-1040

### Closing

We look forward to new opportunities to support your networking requirements with our comprehensive product line. Should you have any questions, please contact your sales representative.

Sincerely,  
Transition Networks Management Team
