Product End-of-Life Notice

October 25, 2019

Dear Valued Customer / Partner:

Transition Networks would like to inform you of our plans to discontinue the remaining active models within our BFFG family of Gigabit Ethernet media converters. These devices provide a connection between a 10/100/1000Base-T RJ-45 port and a 1000Base-X fiber port. The converter is also remotely managed through either an IP or an IP-less management method. This end-of-life announcement is part of the larger discontinuation the Point System family of media converters first announced back in January of 2016. Listed below are the discontinued model numbers and a description.

Discontinued Product:

Model	Description
	Chassis Card
CBFFG1040-105	10/100/1000Base-T RJ-45 to 100/1000Base-x open SFP
CBFFG1040-105-TNZ02	10/100/1000Base-T RJ-45 to 100/1000Base-x open SFP, customer specific version
CBFFG1040-105-TNZ04	10/100/1000Base-T RJ-45 to 100/1000Base-x open SFP, customer specific version
	Stand-Alone
SBFFG1040-105	10/100/1000Base-T RJ-45 to 100/1000Base-x open SFP
SBFFG1040-105-TNZ01	10/100/1000Base-T RJ-45 to 100/1000Base-x open SFP, customer specific version
SBFFG1040-105-TNZ02	10/100/1000Base-T RJ-45 to 100/1000Base-x open SFP, customer specific version

Replacement Product:

A direct replacement product will not be offered however alternative products are available in the ION Platform. The C3220 and S3220 product families provide similar functionality.

Last Order Date:

Orders will be accepted for the discontinued product through December 15, 2019 or while supplies last.

Closing:

We look forward to new opportunities to support your networking requirements with our comprehensive product line. Should you have any questions, please contact your sales representative.

Sincerely,
Transition Networks Management Team
