

## Product End-of-Life Notice

June 21, 2019

Dear Valued Customer / Partner:

Transition Networks would like to inform you of our plans to discontinue the J/E-CX-TBT-02 media converter. This is a 10Base-2 Coax BNC to 10Base-T RJ-45 stand-alone converter. This discontinuation is due a reduction in demand and the difficulty in sourcing key components used in the design of this product.

Discontinued Product:

Model	Description
J/E-CX-TBT-02	Stand-alone media converter, 10Base-2 BNC 185 meters to 10Base-T RJ-45 100 meters
J/E-CX-TBT-02-PCBA	Media Converter PCBA, 10Base-2 BNC 185 meters to 10Base-T RJ-45 100 meters, Customer specific version

Replacement Product:

Direct replacement product will not be available. However other 10Base Ethernet products are offered in the Transition Networks product line.

Last Order Date:

The Last Time Buy date has been extended and orders will now be accepted for the discontinued product through June 30, 2020, or while supplies last.

Closing:

We look forward to new opportunities to support your networking requirements with our comprehensive product line. Should you have any questions, please contact your sales representative.

Sincerely,

Transition Networks Management Team
