Product Discontinuation Notice

January 18, 2021

Dear Valued Customer / Partner:

Transition Networks would like to inform you of our plans to discontinue a few select versions of our 4xT1/E1/J1 copper to fiber network interface devices (NID) within the C6110 and S6110 product families. Listed below are the discontinued part numbers along with their description.

Discontinued P/N

C6110-1014

S6110-1014

Description:

ION Slide-in-card NID module, 1310nm Single mode SC 20 km to (4) RJ-48 1.5 km

ION Stand-alone NID 1310nm Single mode SC 20 km to (4) RJ-48 1.5 km

Last Order Date

Orders will be accepted for the discontinued product through April 30, 2021 or while supplies last.

Replacement Product:

A direct replacement product will not be offered. However, the same transmission distances can be achieved with an open SFP converter (**C6110-1040 or S6110-1040**) and the appropriate SFP module to match your required fiber type, transmission distance, and need for DMI.

Closing

We look forward to new opportunities to support your networking requirements with our comprehensive product line. Should you have any questions, please contact your sales representative.

Sincerely,

Transition Networks Management Team
