

## Product Discontinuation Notice

March 1, 2016

Dear Valued Customer / Partner:

Transition Networks would like to inform you of our plans to discontinue certain versions of our layer-2 Fast Ethernet Mini Media Converter within the M/E-PSW-FX-02 product family. The discontinuation is due to limited demand for these versions. Listed below are the discontinued part numbers along with their descriptions.

<b><u>Discontinued P/N</u></b>	<b><u>Description:</u></b>

### **Last Order Date**

Orders will be accepted for the discontinued product through May 31, 2016, or while supplies last.

### **Replacement Product:**

A direct replacement product will not be offered. However support for the same type of media conversion can be achieved with an open SFP-based converter (**M/GE-PSW-SFP-01**) and the appropriate 100Mbps SFP module to match the required fiber type and transmission distance.

### **Closing**

We look forward to new opportunities to support your networking requirements with our comprehensive product line. Should you have any questions, please contact your sales representative.

Sincerely,  
Transition Networks Management Team
