## Important Product Announcement

Dear Valued Lantronix Customer,

Effective immediately, the WiBox model WBX2100 has been replaced by WiBox RoHS replacement WBX2100E wireless device server.

All orders for WBX2100 will be fulfilled by WBX2100E replacements as listed in the below table.

The new WiBox WBX2100E wireless or Ethernet device server is a drop-in replacement for the WBX2100. The WBX2100E is a superior wireless device server with the below features:

- Industry standard 802.11 b/g wireless interface
- Two DB9 DTE serial ports supporting RS-232, RW422 or RS-485 communication
- Secure wireless communication: WEP, WPA, TKIP
- 256-bit AES – end-to-end encryption
- Ethernet or wireless communication
- RoHS compliant
