## Product Change Notice: XPort Direct+ AES Firmware

Dear Valued Lantronix Customer,

Lantronix is pleased to announce that the XPort Direct+ now supports 256-bit AES encryption for secure communications with the release of firmware version 6.5.0.9.

Effective approximately April 14, 2008, firmware version 6.5.0.9 will ship on the XPort Direct+ products listed in the table below.

For quality and tracking purposes, the manufacturing revision numbers on the product label will be changed. New revision numbers are also listed in the table. **Note: Only XPort Direct+ products with the new revision numbers listed below will support 256-bit AES encryption.**

### XPort Direct+ Part Numbers affected:

| XPort Direct+ Part Numbers | Description  | Current Revision | New Revision |
|----------------------------|--|------------------|--------------|
| XPD1001000-01              | XPORT DIRECT PLUS DEVICE NETWORKING MODULE, BULK, ROHS   | A11              | B11          |
| XPD100100K-01              | XPORT DIRECT PLUS DEVICE NETWORKING MODULE, KIT, ROHS    | A12              | B12          |
| XPD100100S-01              | XPORT DIRECT PLUS DEVICE NETWORKING MODULE, SAMPLE, ROHS | A12              | B12          |

### Revision Tracking Information on XPort Label

Please note that the revision information for the XPort product is on the label in the location shown below:

### SUMMARY:

XPort Direct+ factory shipments with firmware 6.5.0.9 will begin approximately April 14, 2008. The firmware version can be verified by examining the label for the product revision number.
