Product Discontinuation Notice

Dear Valued Lantronix Customer,

The purpose of this communication is to inform you that Lantronix is discontinuing our ETS8PS and ETS16PS Ethernet Terminal Server products.

The deadline for placing final non-cancelable, non-returnable purchase orders is **April 15th, 2009** and shipments must be scheduled no later than **July 15, 2009**, **availability subject to supply**. The last day of support for this product will be **July 15, 2010**.

The replacement for the ETS line of products is the [EDS8PS and EDS16PS](#) Device Servers. The EDS delivers an unprecedented level of intelligence to networked equipment and features Lantronix' powerful multi-tasking Operating System [Evolution OS™](#). With SSH and SSL security built in, these products provide enterprise-level security so equipment can be safely accessed and managed from virtually anywhere via the Internet. Other benefits the EDS provides are a 10/100 Ethernet connection and enhanced RAM and Flash.

EDS Device Server features:

- Quickly connect any device with a serial port to the network using robust SSH or SSL enterprise-level security
- Easily customize and enhance the EDS for your unique application with Evolution OS
- Simple device set-up, configuration and monitoring with powerful, industry-standard management tools (Web, CLI, XML, SNMP)
- Sleek design (with desktop or wall-mount capability) appropriate for installation in medical or other high visibility applications

Transition Table:

Existing Part Number	Replacement Part Number	Availability
ETS8PS	EDS008PS-02	February 2009
ETS16PS	EDS016PS-02	March 2009

If you have any questions, please contact your Lantronix Sales Representative or Lantronix Customer Support at (866) 649-0721 or (949) 453-3990 x342.
