### **Description and Extent of Change**

Lantronix is pleased to announce the release of XDIRECT Application Firmware version 7.0.0.3 and Web Manager version 2.0.0.13.

BUG FIXES:

- Change baudrate of Channel 1 on the fly via Telnet
- Cobos: update copyright information to 2021
- By default SNMP need to disabled across all cobos products

For customers that would like to take advantage of the new capabilities immediately, the new firmware, associated release notes and upgrade instructions is available for download from our website, <http://www.lantronix.com/support/downloads>.

### **Effect of Change on Fit, Form, or Function**

Functional changes as noted above.

### **Effective Date of Change**

This change will go into effect for the listed products built from **October 4, 2021** onwards.

If you have any questions, please contact your sales representative or Lantronix Technical Support at (800) 422-7044 or (949) 453-7198.
