

We want to reward you for partnering with us and our industry-leading IoT solutions. Our **SmartAdvantage** Program provides approved partners the opportunity to earn more by selling Lantronix products.

Since 1995, Lantronix has been a trusted provider of smart, secure and robust IoT and M2M solutions that connect millions of devices worldwide. By partnering with Lantronix, you'll benefit from working with the leader in IoT and M2M solutions that help your customers Connect Smart and Do More.

Partners approved in the **SmartAdvantage IoT Solutions** program will have the ability to register new deals with preferred opportunity pricing on the Lantronix® SGX 5150, the industry's first advanced IoT device gateway, and other IoT products based on their level of activity. You can start earning discounts, even from the very first deal registered! The more deals you register and win, the more incentives and discounts you can earn.

What Products are Eligible?

Lantronix® SGX 5150 and other Lantronix IoT solutions are eligible.

With **SmartAdvantage IoT Solutions**, you will also have all the benefits of the Lantronix Premier Partner Program, including access to resources such as collateral, trainings, sales and marketing support, everything you need to help you close the deal.

Take SmartAdvantage Today

Ready to start making more with Lantronix? Sign up today at lantronix.com/partners. For more information on the Lantronix **SmartAdvantage** Program or the Premier Partner Program, contact your local Lantronix representative or partners@lantronix.com
